FY22 Budget for Adoption As of: April 30, 2021 T. Rancak, Chief Financial Officer/CSBO

Financial Review/Executive Summary

A message from: T. Rancak, Chief Financial Officer/CSBO

District 75 has a long history of providing innovative and excellent educational programs. A pioneer in providing full-day kindergarten, District 75 is still one of the few suburban districts to provide this critically important learning opportunity. Our caring school environments foster lasting friendships among a diverse and multicultural group of students. District 75 parents support and encourage their children's learning and involvement at school. District 75 is fiscally conservative and maintains balanced budget actively by reducina expenditures.

That said, I am pleased to provide for the Board of Education's review and consideration the attached FY22 Budget for Adoption.

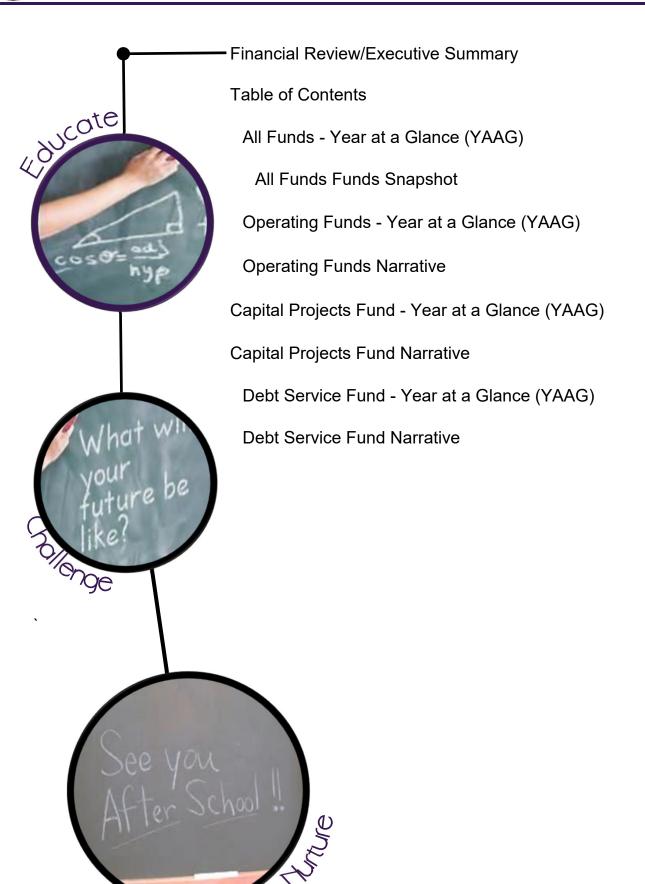

Providing monthly reports and analysis is an integral step in looking at long-term strategies to obtaining and maintaining balanced budgets while effectively and efficiently utilizing available resources to maximize the educational experience provided to all students.

I hope you will take the time to review the attached, as I believe that it provides helpful information to better understand the financial health of our District. Our District has many exciting initiatives underway to bolster academic programs, provide exceptional learning opportunities for our students, and encourage and engage our community.

FY22 Budget for Adoption As of: April 30, 2021 Operating Funds Narrative

Revenue and Expenditure Narrative

- Tax Levy revenues (62% of the FY22 revenue budget) are budgeted at \$16.0M. As of the end of the period, the FY21 year is projected to total \$15.6M. That said, we are anticipating a 2.4% (or \$372K) increase from the FY21 year end projected revenues. CPI for the coming year is 2.1%. This coupled with new growth accounts for the majority of the change; however, at this point the year end projections for FY21 anticipate a 99.6% collection rate. This is lower than historical averages due to the County giving homeowners a few extra months to make their full first and second installment payments. As a result, districts all over the County (including D75) are experiencing delayed tax distributions.
- Tuition, Registration, and Fees revenues (1.1% of the FY22 revenue budget) are budgeted at \$276K. As of the end of the period, the FY21 year is projected to total \$190K. That said, we are anticipating a 45% (or \$86K) increase from the FY21 year end projected revenues. This significant change is primarily due to anticipated losses in FY21 from financial hardships brought on by the COVID-19 pandemic.
- Food Service Revenue revenues (2.5% of the FY22 revenue budget) are budgeted at \$644K. As of the end of the period, the FY21 year is projected to total \$334K. That said, we are anticipating a 93% (or \$310K) increase from the FY21 year end projected revenues. This is primarily due to the anticipation that the District will resume full day classes in FY22 and thus serve breakfasts & lunches on a daily basis.
- State & Federal Grant revenues (8.7% of the FY22 revenue budget) are budgeted at \$2.2M. As of the end of the period, the FY21 year is projected to total \$1.5M or 65% of the State & Federal Grant budget. That said, we are anticipating a 16% (or \$185K) increase from the FY21 year end projected revenues. The majority of this revenue stream is for grants which are reimbursed after expending the funds. As such, any budget change anticipated (related to revenue) includes a subsequent/offsetting expenditure variance also. Therefore, the net result of budget variances related to grant activity is a change to the fund balance of zero. Although this grant may not have an affect on the District's fund balances, it does provide the District with funding to offer programs that it otherwise could not afford. Due to regulations regarding its use, most of the grant is to be spent addressing the needs of economically disadvantaged students of the District's student population.
- COVID Relief Funding revenues (3.5% of the FY22 revenue budget) are budgeted at \$913K. As of the end of the period, the FY20 year is projected to total \$317K. The majority of this increase is due to the issuance of the ESSER II grant and is offset by increased COVID expenditures.
- Salary expenditures (50% of the FY22 expenditure budget) are budgeted at \$12.8M. As of the end of the period, the FY21 year is projected to total \$12.3M or 95% of the Salary budget. That said, we are anticipating a 4.8% (or \$585K) increase from the FY21 year end projected expenditures. The majority of this change is due to resuming full day instruction and includes FY22 positions that were approved by the BOE. Additionally it includes FY21 positions that were unfilled for FY21 but are anticipated to be filled in FY22. Finally, the increase includes resuming use of substitute teachers, which was drastically reduced during FY21 due to COVID.
- Benefit expenditures (13% of the FY22 expenditure budget) are budgeted at \$3.3M. As of the end of the period, the FY21 year is projected to total \$3.2M or 95% of the Benefit budget. That said, we are anticipating a 5.4% (or \$170K) increase from the FY21 year end projected expenditures. The majority of this change is due to resuming full day instruction and the increase in benefits associated with the increase in salaries as identified.
- Supplies, Capital Outlay, and Non-Capitalized Equipment expenditures (5.9% of the FY22 expenditure budget) are budgeted at \$1.5M. As of the end of the period, the FY21 year is projected to total \$1.3M or 85% of the Supplies, Capital Outlay, and Non-Capitalized Equipment budget. That said, we are anticipating a 14% (or \$183K) increase from the FY21 year end projected expenditures.
- Food Service expenditures (1.6% of the FY22 expenditure budget) are budgeted at \$459K. As of the end of the period, the FY21 year is projected to total \$449K. That said, we are anticipating a 51% (or \$141K) increase from the FY21 year end projected expenditures. This is primarily due to the anticipation that the District will resume full day classes in FY22 and thus serve breakfasts & lunches on a daily basis and the added expense is being offset by additional Food Service revenue as detailed above.
- Pupil Transportation Service expenditures (7.4% of the FY22 expenditure budget) are budgeted at \$903K. As of the end of the period, the FY21 year is projected to total \$883K. That said, we are anticipating a 36% (or \$504K) increase from the FY21 year end projected expenditures. This variance is primarily due to the District operating through remote instruction in FY21 and anticipating that FY22 will be in-person instruction whereby requiring transportation all year.
- Other Purchased Services expenditures (6.3% of the FY22 expenditure budget) are budgeted at \$193K. As of the end of the period, the FY21 year is projected to total \$229K. That said, we are anticipating a -14.5% (or -\$276K) decrease from the FY21 year end projected expenditures. The majority of this change is due to the District purchasing copiers in FY21 whereby eliminating costly annual lease payments.

FY22 Budget for Adoption As of: April 30, 2021 Capital Projects Fund Narrative

Revenue and Expenditure Narrative

- 1 Corporate Taxes (CPPRT) revenues (81% of the FY22 revenue budget) are budgeted at \$50K. As of the end of the period, the FY21 year is projected to total \$55K. That said, we are anticipating a -9.3% (or -\$5K) decrease from the FY21 year end projected revenues.
- Earnings on Investments revenues (19% of the FY22 revenue budget) are budgeted at \$11K. As of the end of the period, the FY21 year is projected to total \$11K. That said, we are anticipating a 2.3% (or \$0K) increase from the FY21 year end projected revenues. Based upon information provided by PMA, this revenue stream is anticipated to end FY21 significantly under budget. This is primarily due to market conditions and is estimated to have a similar impact on FY22 interest income.
- Other Purchased Services expenditures (100% of the FY22 expenditure budget) are budgeted at \$0K. As of the end of the period, the FY21 year is projected to total \$0K. That said, we are anticipating a 698% (or \$2.6M) increase from the FY21 year end projected expenditures.
