

# ANNUAL

# VETERANS APPRECIATION DINNER

The Mundelein After School Coalition (MASC) is hosting its sixth Annual Veteran's Appreciation dinner on Friday, April 12, 2024. MASC is a volunteer organization composed of junior high students from three Mundelein area school districts, students from Mundelein High School, Mundelein Police Department, Mundelein Park District, and other volunteers working together to create a great community.

MASC students collaborated to create a community event with the intention of strengthening the connection between themselves and military veterans in the area. MASC students look forward to demonstrating their respect and admiration for the sacrifice all military veterans make for our community and our county.

MASC students have made a commitment to continue this event annually and we need your help. We are looking for local organizations like yours to help sponsor the event. In return for your sponsorship, your organization will receive special acknowledgement in the event program, recognition on social media, and a sponsorship sign prominently posted at the event.
